### SCHOOL HYMN

1. We build our school on Thee, O Lord;  
   To Thee we bring our common need;  
   The loving heart, the helpful word,  
   The tender thought, the kindly deed;  
   With these we pray Thy Spirit may  
   Enrich and bless our school alway.

2. We work together in Thy sight,  
   We live together in Thy love;  
   Guide Thou our faltering steps aright,  
   And lift our thoughts to Heaven above.  
   Dear Lord, we pray Thy Spirit may  
   Be present in our school alway.

3. Hold Thou each hand, to keep it just;  
   Touch Thou our lips, and make them pure;  
   If Thou art with us, Lord, we must  
   Be faithful friends and comrades sure.  
   Dear Lord, we pray Thy Spirit may  
   Be present in our school alway.

4. We change, but Thou art still the same;  
   The same good Master, Teacher, Friend.  
   We change, but Lord, we bear Thy name;  
   To journey with it to the end;  
   And so we pray Thy Spirit may  
   Be present in our school alway.

Social Framework.

designed various developmental activities focusing on the Personal, Moral and Form 2 students during the Form Teacher Periods. Form teachers also
of Health and the Centre for Suicide Research and Prevention for Form 1
Developmental programmes were jointly organised with the Department Centre and Kely Support Group.

invited to deliver the talks were from the ICAC, Department of Health, Jireh sex education, anti-drugs, perfectionism and stress management. Speakers
other programmes also expressed our love and concern for the needy by donating $53,670 and $36,222 to the Hong Kong Sheng Kung Hui Archbishop Relief Fund to help
earthquake victims in Haiti and Qinghai respectively.

At Christmas, the College followed the tradition of holding our Carol Service at St. John's Cathedral with the Rev Bartholomew Ma as the preacher. Our Ascension Day Service was also held at the Cathedral with the very Rev Andrew Chan delivering the sermon. Apart from these regular services, a series of activities, which included talks on "Science, Faith & God" and "Darwinism or Design?", "Amazing Race" which was a school orienteering event, a faith sharing luncheon, a religious book exhibition and a handicraft workshop, were organised in the Religious Week from 21 to 30 October 2009.

To revisit the school motto of "Faith, Hope and Love", the theme of the Christian Fellowship this year was "Hope for Today". In addition to the regular gatherings, morning prayer meetings, cell groups, and TueStation, our Tuesday lunchtime Bible study meetings, were held to provide our students with a supportive environment for spiritual growth.

To develop our students into confident individuals, lifelong learners and responsible global citizens, a wide range of activities was organised. This year the College continued to collaborate with the Baptist Oi Kwan Social Service
and moral and civic education. Outings and field trips were also organised by renowned personnel related to environmental protection, science, culture, and moral and civic education. Outings and field trips were also organised by teachers.

Our Swimming Gala was held on 2 October 2009 at Victoria Park Swimming Pool with Dr Philip Leong, Chairman of the SPCC Alumni Association, being the guest of honour for the prize presentation. Our annual Sports Day was held on 22 September 2009 at Siu Sai Wan Sports Ground with Mrs Seto Tay Cheo Lian, a retired SPCC teacher, being the guest of honour presenting the prizes.

In order to help Form 1 students adapt to school life at SPCC, the Big Brothers and Big Sisters Scheme was organised. A Play Sharing Practice Group was also formed by 40 Form 1 students. Activities in the group included lunchtime gatherings and sharing, social services, an overnight camp and outdoor activities, which aimed to enhance the communication skills and emotional stability of the students.

Extra-Curricular Activities and Enrichment Programmes

Self-organised extra-curricular activities have always been an important component of students' education. These activities not only allow students to join programmes of their own choice, but also enable them to learn about leadership and teamwork, as well as undergo gratifying and rewarding experiences. A list of extra-curricular activities offered is given in Table 1.

The College also organised other programmes to suit the students' individual needs. For example, leadership programmes, such as the Harvard Model Congress Asia in January 2010 and the Singapore Leadership Convention in June 2010, were offered to students of different forms. Study tours to various places, including mainland China, Singapore, Australia, New Zealand, the US and the UK, were offered to our Form 2 to Form 6 students.

The important highlight of our student programmes, Student Activities Week, was organised from 21 to 29 November 2009. Lessons were suspended for Form 1 to Form 4 and Form 6 so that the students could take part in different activities: Form 1 Life Education Programme, Form 2 Cultural Trip to Beijing, Form 3 Study Trip to Nansha, Form 4 Outward Bound Leadership Programme, F4 Community Service Project and Form 6 attachment programmes to tertiary institutions and business organisations, which aimed to develop students' understanding of professional fields. Enrichment programmes for all forms were organised three times a year to further enrich students' knowledge and experience in different areas. Activities included talks by professionals and renowned personnel related to environmental protection, science, culture, and moral and civic education. Outings and field trips were also organised by teachers.

Other programmes organised during the year included talks on anti-corruption, sex education, anti-drugs, perfectionism and stress management. Speakers invited to deliver the talks were from the ICAC, Department of Health, Jireh Fund, LEAP, Hong Kong Eating Disorders Association, Touch Counselling Centre and Kely Support Group.

Developmental programmes were jointly organised with the Department of Health and the Centre for Suicide Research and Prevention for Form 1 and Form 2 students during the Form Teacher Periods. Form teachers also designed various developmental activities focusing on the Personal, Moral and Social Framework.

Spiritual and Moral Education

As a Christian college, we place a strong emphasis on nurturing the spiritual growth of our students. Through daily morning assemblies, Religious Studies lessons and Christian Fellowship programmes, the practice of Christian education is enhanced. This year, Rev Christine Ho of St. Paul's Church was appointed part-time School Chaplain to provide pastoral care to our students, support the work of the Christian Fellowship and help to officiate at our Advent and Lenten Services. At these services a sum of $19,718 was collected and donated to 19 local voluntary organisations. Our staff and students also expressed our love and concern for the needy by donating $53,670 and $36,222 to the Hong Kong Sheng Kung Hui Archbishop Relief Fund to help the earthquake victims in Haiti and Qinghai respectively.
Form 1 students were introduced to track and field events on the Athletics Activities Day on 14 January 2010 while Form 2 students had the opportunity to try out various sports on 30 April 2010. These sports included tenpin bowling, lawn bowls, archery, orienteering, hockey, hiking and sports climbing. However, the Interest Group Activities Day for Form 3 students was cancelled this year since the amber rainstorm warning was issued on the day of the event.

To allow students to make better use of their summer vacation, a Summer Sports Training Programme was arranged for all students. This year, activities included basketball, fencing, squash, swimming, dance (hip hop), badminton, and table tennis. Intensive training was provided for members of the school teams, including basketball, badminton, fencing, soccer, swimming and table tennis.

The year 2009/2010 was another eventful one for the music makers in the College. The objectives of our music education programme are to realise the music potential of each and every student, nurture a lifelong passion for music, uphold our rich musical tradition, strive relentlessly for artistic excellence and broaden our students’ horizons in the humanities through music making.

In the 62nd Hong Kong Schools Music Festival in 2010, the Treble Choir, Senior Mixed Choir, Orchestra, Harmonica Orchestra and Ensembles earned 2 firsts, 3 seconds and 2 thirds in the group events. Most notably, our School Orchestra won the senior orchestra class for the first time.

In the international arena, the Treble Choir and the Senior Mixed Voice Choir participated in the 6th World Choir Games in Shaoxing, China in July, and won a silver medal in the Champion Class and a Gold Diploma in the Open Class respectively. The SMVC was also the Winner of the Mixed Youth Choirs Category. The Harmonica Orchestra participated in the 8th Asia Pacific Harmonica Festival in Singapore in July, and was crowned the Champion of the Youth Harmonica Orchestra class and won a silver medal in the Youth Harmonica Ensemble category.

Talented young musicians from the College received top honours in local and international competitions: Lau Cheuk Hay Sanders (7C) won the Barbara Fei Vocal Scholarship in the 62nd Hong Kong Schools Music Festival; So Wai Lung (1F) was a finalist representing Hong Kong in the 2009 Steinway Youth Piano Competition. The recipients of the Young Talents Scholarship (Music), together with other enthusiastic music makers, have also been engaged in some chamber music making, and collectively performed in a lunchtime recital at St John’s Cathedral in May, and at the Hong Kong Space Museum in June.

In anticipation of the 95th Anniversary celebration, the Treble Choir and the Concert Choir have recorded a selection of sacred music, including a new commissioned piece, “Ye Did It Unto Me” by renowned Hong Kong composer, Professor Chan Wai Kwong Victor. The CD will be released in the autumn of 2010.

**Student Union**

The Student Union (SU) has continued to strive for excellence and to provide the best services for students in order to enhance the quality of school life. The first Joint-Club Recruitment Day helped clubs and societies to recruit new members in a more effective and efficient manner. A total of two Student Posts were published and the blockbuster events this year included the brand new Teacher-Student Carnival, the Apprentice programme, a Karaoke Competition – Le Chanteur, Open Forums and the Christmas Masquerade.

The SU upgraded the Opinion Programme by placing thought-provoking questions and materials around the school to inspire students to come up with creative and practical suggestions. To enhance the school's excellence and to raise its global visibility, the SU was involved with the application for the school to become a regional member of the Round Square, an international network of more than 60 schools that share the same vision for holistic education.

In an effort to provide a greener learning environment, the SU collaborated with other student bodies to produce reusable water bottles and to recycle old books and clothes. The SU also made two very successful appeals for donations to help the earthquake victims in Haiti and Qinghai.

**Achievements of Students**

1. **Public Examination Results**

   Academic excellence is one of our finest traditions. Our students are diligent, have enquiring minds and are passionate in learning. Among our many outstanding students, one Form 7 student obtained 4As in the Hong Kong Advanced Level Examination and one Form 5 student got 8As and 2(5*) in the Hong Kong Certificate of Education Examination.

4. Achievements in Extra-curricular Activities

It was most gratifying to see many of our students winning awards and excelling in various inter-school competitions. We wish to congratulate the winners as well as all those who have participated and all of those who provided support. The trophies and recognition are a reflection of the high morale among our students, the commitment of teachers and participants, and the generous funding from the College. For a list of student achievements, please refer to the brochure "Achievers 2009-10".

Campus Improvement

Secondary School Phase 1 Redevelopment is in full swing and the progress is generally on schedule. The demolition, site formation and foundation work were completed in March 2010. The superstructure will be completed in December 2010. Internal partitioning work has commenced and the teaching section will be handed over to the school by the end of June 2011 so that the teachers can move in in time for the new academic year in September 2011.

Detailed Design Consultants have been appointed for Phase 2 Redevelopment. Pre-construction work, ie, a site investigation and a structural survey were carried out during the summer holiday. Statutory submissions to the government are in progress. A heritage consultant has been engaged to prepare the Heritage Impact Assessment submission for the Antiquities and Monument Office regarding construction work to the Grade II Historical Red Brick Building. Construction work is scheduled from 2011 to 2013 once the designated school facilities are relocated to the new extension block in 2011.

Involvement of Parents and Alumni

This year saw parents’ continuous and enthusiastic support for the School, furthering our collaboration in providing a quality, holistic education to our students. Please refer to Table 2 for details of the activities of the Parent-Teacher Association.

The Alumni Association continued to play an important role in strengthening our ties with alumni and in helping to contribute to the School’s development. For a summary of their activities during the year, please refer to Table 3.

Donations to Charitable Causes and Fundraising Campaign

Being a Christian school, we have always attached great importance to caring and sharing. On the Dress Special Day on 30 September 2009, we raised a total of $46,463 for the Community Chest. Twice in the year, we collected donations from our students and staff to be distributed to the following charitable organisations:

- Oxfam, the Hong Kong Sheng Kung Hui Diocesan Welfare Council, St John’s Cathedral, the Spastic Association of Hong Kong, the Hong Kong Anti-Cancer Society, the Boys’ and Girls’ Club Association, the Hong Kong Tuberculosis, Chest and Heart Diseases Association, St James’ Settlement, the Hong Kong Red Cross, St John Ambulance Association and Brigade, the Society for the Relief of Disabled Children, the Children's Cancer Foundation, Unicef, Sowers Action, Jireh Fund, Cedar Fund, Samaritan’s Purse, Heifer and Crossroads International.
The Council of St. Paul’s Co-educational College Charitable Trust organised its 10th Walkathon on the Peak on 1 November 2009. With the enthusiastic support of parents, staff, alumni and students, a total of HK$2,330,247 was raised.

**Major Tasks Accomplished**

1. Holistic, developmental and experiential learning in the four dimensions of Leadership and Community Service; Language and Culture; Humanities, Science and Mathematics; Aesthetics and Creativity

**Leadership and Community Service**

Form 1 students enjoyed a safe and engaging outdoor learning programme with Asia Pacific Adventure. Form 2 students travelled to Beijing for a language skills development programme in association with the University of Hong Kong. This programme had been significantly re-designed to provide better opportunities for students to practise and develop their Putonghua language skills by completing urban-based problem-solving tasks and by interviewing local people. In Form 3 we completed a successful Nansha study trip in collaboration with the Hong Kong University of Science and Technology and this programme has developed a strong curriculum link with Liberal Studies. In Form 4 we continued our long-standing relationship with Outward Bound with Form 4 students completing a 5-day mobile expedition programme. In alignment with the evolution of the Rites of Passage (RoP) programme, students who attended the initial pilot programme did not attend Outward Bound; they were engaged in a 5-day community service project with Crossroads International. Form 6 students were able to choose from a variety of business and university attachment programmes across a diverse range of sectors.

Our Form 1 to Form 3 community service attachments were conducted with the Kadoorie Farm and Botanic Garden, St James Settlement Elderly Services and the Saviour Lutheran School for students with learning disabilities.

**Rites of Passage**

This was the second Rites of Passage programme with 83 students challenging themselves for 28 days in Queensland, Australia through a variety of experiences focusing around the following four key components: community living, outdoor experiential activities, expeditions and enquiry learning. The programme was well aligned with the school’s Personal, Moral and Social Framework and significantly challenged the students both physically and emotionally. In preparation for the delivery of the first full cohort in 2012 the programme was split across two campuses with all the logistical arrangements running smoothly and students’ evaluations reporting a consistent learning experience across the two residential campuses.

**Round Square**

The school was formally recognised as a regional member of the Round Square organisation. The Round Square is an international network of schools that aim to provide an education that is in line with the thinking of Kurt Hahn. This can be summarised as the IDEALS, standing for a commitment to Internationalism, Democracy, Environmentalism, Adventure, Leadership and Service. SPCC sees this membership as a natural progression in its commitment to a holistic education and sees the IDEALS working alongside our Personal, Moral and Social Framework to define the practical implementation of our values. This membership will not only broaden our international network, but will also increase our opportunities for exchange and to participate in international service projects.

**Language and Culture**

**Foreign Language Studies**

In 2009/2010, we offered two streams of foreign language programmes to students: Programme A for interest and Programme B for academic pursuit.

We had two Year 1 Spanish/Arabic classes, three Year 2 Spanish classes and one Year 3 Arabic class on weekdays after school. They focused on exposing students to the Spanish and Arabic cultures through the basics of these languages.

For Programme B, we offered two Foundation Spanish classes and one Foundation French class on Mondays and Saturdays. The purpose of these classes was to build up students’ foundation in the two languages, thus paving the way for foreign language studies in senior secondary. We also had one IGCSE Spanish 1 class and one IGCSE Spanish 2 (NSS AS Spanish) class. Students in the latter took their IGCSE Spanish examination in May 2009. Eight of the eleven candidates achieved the highest banding, A*.

**Culture Salon**

The theme for 2009/2010 was <中學生的文化眼界> (Cultural Perspectives of Secondary School Students). This was organised on two levels: guest speakers were invited to share their view on the above-mentioned theme with the whole school during morning assemblies; mini-salons and 同好小組 (Enthusiasts Circles) were held for like-minded students with similar cultural interests.

**Aesthetics and Creativity**

Teachers in charge of the Aesthetics and Creativity Education programme, together with the Language and Culture Working Group, organised various activities for students. A group of five Form 2 and Form 3 students participated in the 18 Districts ID Design Competition this year, which was the 2nd Arts Ambassadors-in-school sponsored by the Hong Kong Arts Development Council. They won the 1st runner-up and 2nd runner-up for logo design.
and poster design respectively. A prize-giving ceremony was held at Queen Elizabeth Stadium in July and their artwork was exhibited at Lok Fu Square in August.

The College also joined the scheme, Artwork on Loan, which was implemented by the Hong Kong Arts Development Council and the Leisure and Cultural Services Department. Twenty pieces of reproduced artwork created by Hong Kong artists were borrowed to put on display around our campus. We held the 1st Students’ Joint-exhibition in May. Eleven students from Form 1 to Form 6 displayed more than 50 pieces of artwork at the exhibition.

Other activities offered to students included a talk on "Appreciation of Drama" by the four founders of the R&D Theatre, an introduction to "Le French May Arts Festival" by the Chief Executive Officer of the Consulate General of France in Hong Kong and Macau and an interview by four students from Form 2 to Form 4 with Alice Mak, a famous artist in Hong Kong who created McDull and McMug.

The Odyssey of the Mind Competition was held in March 2010 at the Hong Kong Institute of Education. A team of seven Form 4 students participated in Division III, Classical Problem – "Discovered Treasures" and was ranked seventh overall.

2. Planning and preparation for the Senior Secondary Curriculum (NSS) and International Baccalaureate Diploma Programme (IBDP)

For the cohort of students promoting to S4 in 2010-2011, we are able to offer them a total of 45 subject combinations for the New Senior Secondary Curriculum, each consisting of three elective subjects with Music, Spanish or French as a fourth elective. A briefing was held in December 2009 for Form 3 students and parents; they also received an NSS Information booklet. Relevant information was uploaded to the school's intranet. In the allocation of subject choices, 93.3% of the students were allocated to either their first preference (81.0%) or their most preferred option without the Mathematics extended module (12.3%).

Funding for teachers' professional development on NSS was provided from the Teacher Professional Preparation Grant and the New Senior Secondary Curriculum Migration Grant of the Education Bureau.

Having been given the International Baccalaureate Candidate Status, the school has continued to prepare itself educationally and administratively for the implementation of the diploma programme. The teacher-designates have continued to receive IB-approved professional training. An in-school IBDP workshop on TOK Across the Curriculum was held on 16 and 17 April 2010 for 25 teachers from various disciplines. During these two days participants were encouraged to compare approaches to knowledge and were shown that good TOK teachers understand that different subjects emphasise different ways of knowing.

Internal applicants for the IBDP will enter the IB Preparatory Year in Form 4 to ensure a solid grounding for the programme. Interested students were given academic counselling and were considered for the programme based on motivation, intellectual curiosity and learning style, which the school believes are essential for success in the IB programme. Comprehensive course outlines, policy documents and timetable for the Prep Year and the IBDP have been developed. 2009/2010 was a busy year of preparation for the pre-authorisation and authorisation visits.

3. Student Development

Catering for differentiated needs and capabilities of students

A Personalised Learning Core Group which consists of teachers mainly from the Key Learning Areas and Moral Education was formed to manage a Personalised Learning Database of high and low achievers, gifted students and students with learning difficulties. This database was compiled using behavioural characteristic checklists and observations. Enrichment programmes were organised for all students, eg, Student Activities Week, Junior Science Curriculum, Public Speaking Workshop. For some selected students, there was after-school training on Mathematics, Physics, Biology, Chemistry and Science competitions and projects. Two Form 1 and two Form 2 students who have been identified as exceptionally gifted in music were pulled out from normal music lessons to attend tailor-made programmes.

In addition, six exceptionally gifted students in Mathematics, two in Humanities, four in Science and three in Leadership were nominated to join the after-school enrichment programmes organised by the Hong Kong Academy for Gifted Education.

Making students partners in learning

In order to promote both active learning and the taking of responsibility for their own learning, students were asked to use the Student Learning Journal to set short-term and long-term goals, and to evaluate and analyse their progress at the end of each term. Form teachers made use of this reflective journal to discuss with students their performance and it has proved to be a useful tool.

Development and implementation of the Personal, Moral and Social (PMS) Framework

To promote understanding of the PMS Framework, the Framework was used by teachers to design the Form Teacher Periods, by the Discipline Team to counsel students, and by clubs and societies as a reference when writing their mission statements. It was also used as a functional tool to embed the objectives into students' educational experiences in the Student Activities Week, Community Service and Rites of Passage Programme.
4. Enhancement of teacher professional development and personal wellness

Apart from the workshop given by Professor Alan Bain on Mastery Teaching and Cooperative Learning, three talks were also given. The topics presented were: Students with Special Learning Difficulties by Mrs Lau Yu Po Kwan, Psychologist; Chinese Medicine and Health Care for Teachers by Mr Yam Lap Sun, a parent and a practising Chinese medical doctor; and Assessment by Mrs Christina Lee of the Hong Kong Examinations and Assessment Authority.

To enhance teachers' physical and mental wellness, a number of measures were taken, including improvement of staffroom environment, creation of a platform on eClass to share information on activities of personal wellness, early communication to teachers on big changes in job duties, and feedback by the school management on non-teaching duties in formal appraisal. Furthermore, staffroom representatives were encouraged to play a more active role in bridging communication and understanding between staff and the school authority.

1. Mr Tam Siu Cheung, w.e.f. 16 August 2010

B. Janitor left:

1. Mr Wong Siu Ming, w.e.f. 1 September 2010 (retirement)

The 2009/2010 academic year was a time for sowing the seeds of caring for the natural environment. We set up a mini-farm on the rooftop of our teaching block and assigned each class a piece of land on which to plant vegetables and fruit. We look forward to a bountiful harvest next year.

The past year was also a year for reaping what had already been sown. Our students continued to excel in languages and music, and won many awards in the solo events of the 61st Hong Kong Schools Speech Festival and the 62nd Hong Kong Schools Music Festival. The school choir was the Most Outstanding Urban Primary School Choir of the Year and the Best Urban Primary School Choir Singing in Foreign Language. We would especially like to recognise Primary Four student Max Andrew Salata for winning the first prize in the Bank of East Asia International English Contest 2009.

Our students achieved in sports and visual arts. Both our boys' and girls' fencing teams took home the B Grade Overall Champions in the All Hong Kong Inter-Primary Fencing Competition 2009-2010 (Hong Kong Island). Wong Yin, a Primary Two student who demonstrated promising artistic talent, was awarded the First Prize in the drawing division of the China Adolescents Science Technology Invention Contest.

We were proud to see a fruitful year for students who challenged themselves in science and mathematics. We came second in the Hong Kong Budding Scientists Award 2009-2010 (Group) and Hanson Datwani, an outstanding student from Primary Six, was the champion in the Science Knowledge Quiz (Individual). We also received the Second Prize in the China National Primary Mathematics Olympiad 2010.

To cultivate a habit of self-learning and develop the learning skills of our students, the school will keep working hard on constructing an e-learning platform for all learning areas in the coming years.

Appreciation

Our school has been undergoing numerous developments in recent years as part of a concerted effort to provide quality education to our students. Many people have contributed generously to our educational aims. I would like to thank our council members, the Education Bureau, our parents, alumni and friends for their advice and support, and in particular, Professor Tam Sheung-wai, our Council Chairman, the Honourable Andrew Li, our Council Vice Chairman, and Dr Michael Mak, our Supervisor, for their unfailing trust and support. Dr Mak, having served the Council as the College Supervisor for 11 years, will retire from the post effective 1 September 2010. In the past 11 years, Dr Mak has given of his time generously and committed himself to working for the best interests of the College, while supervising, guiding, advising and supporting my work. I would like to take this opportunity to express my heartfelt appreciation, and on behalf of the College, our gratitude for his tremendous contribution to St. Paul's.

Our school's greatest asset is our teachers. I am proud to say that we have a team of very committed and competent teachers. Our rapid development and numerous educational initiatives in recent years are testimony to our teachers' professionalism and effort. We take pride in our school and shall continue to develop confident individuals with high moral values and a strong desire for knowledge, individuals who will strive for continuous development and excellence, be compassionate and aware of the need for interdependence as a global citizen, and who are willing to serve the community and contribute to the well-being of our society.
