## Part I – General Information

### 1. THE FEE REMISSION SCHEME

It is the aim of the Council of St. Paul's Co-educational College to admit students from the widest social spectrum. The Council has therefore devised a Fee Remission Scheme to offer full or partial fee remission to needy students who study in St. Paul's Co-educational College or St. Paul's Co-educational College Primary School ("the College"). The Scheme is means-tested and has the following overriding principles and basic criteria.

#### Overriding Principles of the Scheme:

- |                     |   |
|---------------------|---|
| <b>Transparent:</b> | Clear and simple rules to be published so as to enable prospective parents and the public to assess their eligibility for fee remission |
| <b>Effective:</b>   | Sufficient to alleviate genuine financial hardship  |
| <b>Fair:</b>        | Provide help only to those who are genuinely in need  |
| <b>Efficient:</b>   | Does not impose a big administrative burden on the College  |

### 2.1 BASIC CRITERIA FOR FEE REMISSION

#### Five Categories of Fee Remission

- 2.1.1 A child from a family whose family disposable income is at or less than the benchmark disposable income would qualify for 100% fee remission.
- 2.1.2 A child from a family whose family disposable income exceeds the benchmark disposable income by no more than HK\$116,000 would qualify for a fee remission of 80%.
- 2.1.3 A child from a family whose family disposable income exceeds the benchmark disposable income by no more than HK\$232,000 would qualify for a fee remission of 60%.
- 2.1.4 A child from a family whose family disposable income exceeds the benchmark disposable income by no more than HK\$348,000 would qualify for a fee remission of 40%.
- 2.1.5 A child from a family whose family disposable income exceeds the benchmark disposable income by no more than HK\$464,000 would qualify for a fee remission of 20%.

2.1.6 A child from a family whose family disposable income exceeds the benchmark disposable income by more than HK\$464,000 would not qualify for any fee remission.

## **2.2 ADDITIONAL FEE REMISSION**

If more than one child from the same qualifying family is attending the College, the amount of fee remission would be increased to the next category of family disposable income in respect of the additional child(ren). For example, if the family has three children attending the Secondary & Primary School and its family disposable income falls within the third category of fee remission above (Para 2.1.3), the first child would enjoy 60% fee remission whereas other two children would each enjoy 80% fee remission.

## **2.3 SINGLE PARENT RELIEF MEASURE**

For the purpose of benchmarking disposable family income, the number of family members for single parent families will increase by 1.

For example, if a single parent has one child, the number of family members will be counted as 3 for the purpose of benchmarking disposable family income. The benchmark disposable family income to qualify for full remission will be up to HK\$232,000. If a single parent has two children, the number of family members will be counted as 4 for the purpose of benchmarking disposable family income. The benchmark disposable family income to qualify for full fee remission will be increased from HK\$232,000 to HK\$348,000.

### 3. CALCULATION

#### 3.1 Benchmark and Family Disposable Income

- (a) **Benchmark disposable income will be \$232,000 per annum for a household of up to 3 persons** and it will be reviewed from time to time. If the actual number of persons in the household (defined as the parents, unmarried siblings and grandparents of the student living in the same residence) exceeds 3, the benchmark disposable income would be **increased by \$116,000 for each additional person.** (Please refer to Appendix I)
- (b) Family disposable income is defined as the total annual income of the parents from all sources (see below) as well as 40% of any income earned by other family members normally living in the same residence for at least 6 months during the year after deducting the cost of rental of the principal family residence or the amount of the mortgage payments (excluding any lump sum payments and additional payments in excess of scheduled normal monthly repayments) relating to the purchase of the principal residence.
- (c) Applicant is required to report the sources of his family income as listed below:

Items need to be reported	Items need not to be reported
1. Salary, including Provident Fund or Mandatory Provident Fund contribution	1. Old age allowance
2. Double pay / Leave pay	2. Disability allowance
3. Allowance (including housing / travel / meals / education / shift allowance etc.)	3. Wages in lieu of notice of dismissal
4. Bonus / Commission	4. Severance payment / Long service payment
5. Contract gratuity	5. Loans
6. Share option gain	6. One-off retirement gratuity / Provident fund
7. Profit from business / investment	7. Inheritance
8. Alimony	8. Charity donations received
9. Income from investments (interests from bank deposits, dividends, profit from securities trading etc.)	9. Comprehensive Social Security Assistance
10. Rental income net of related mortgage interest payment	10. Retraining allowance
11. Monthly pension / Widow's & Children's Compensation	11. Traffic accident / insurance / injury indemnity
12. Others	12. Bursaries / Scholarships awarded

- (d) Where the applicant and his/her spouse have assets (excluding the value of the family's principal residence but include other properties, net of related outstanding mortgages), in excess of \$500,000, the amount of family income is deemed to be increased by an amount equivalent to 10% of the value of assets in excess of \$500,000. The value of assets is defined as the sum of net positive value of each individual asset (gross asset value net of its related pledged liabilities).
- (e) The amount of family disposable income will be based on the preceding year. No adjustment to the fee remission will be made for any increase or decrease in family disposable income in respect of the academic year once the application has been approved except where material misrepresentation has been discovered.
- (f) To meet the needs of students whose family disposable income has deteriorated significantly since the preceding year ended 31 March, there is an emergency financial assistance arrangement. Please refer to paragraph 7 below for details.

### **3.2 Fee Remission Account**

- (a) A Fee Remission Account would be set up to handle the receipt and disbursement of funds concerned. If the application of the above policy results in a deficiency in the fee remission account, the shortfall will be financed by a loan from the Council. The loan would be repaid out of future surpluses or may be waived by the Council.
- (b) If the application of the above policy results in a surplus in the fee remission fund, the balance will be carried forward to the following year. The College Council may utilize any excess in granting scholarships to students based on academic merit and achievement without regard to the financial circumstances of the awardees.

### 3.3 Staff

Staff members would be automatically entitled to a partial fee remission, the cost of which will not be borne from the fee remission account. The staff member would not be precluded from applying for fee remission under the general scheme referred to above. Staff's tuition fee account will be deducted by general fee remission first, then followed by staff fee remission up to a maximum of 100%.

### 3.4 Review

The above rules and policies will be reviewed from time to time and be amended by resolution of the Council on the recommendation of the Fee Remission Committee.

The applicant is reminded that it is an offence to obtain property/pecuniary advantage by deception.
