I am extremely grateful for the opportunity to participate in the award selection process which allowed me to engage in rounds of discussion on different social issues with elite students from other schools. The discussions stimulated my thoughts through different perspectives, elevating my critical thinking to a new height.

The award serves to remind me to be cognizant of what is expected of an outstanding student. Being an outstanding student is not only about academic achievements, but more importantly, the grit to embrace every challenge, and the aspiration to strive for excellence in different SPCC attributes. I am very thankful to all teachers for their relentless effort in laying a fertile ground in the school, where every student is nourished to flourish through his or her own efforts.

Have you ever wondered why competitions are held?

I often find myself doused with various kinds of competitions, yet, surprisingly familiar with the routine of each and every kind, I am monotonously performing similar skill sets or answer structures over and over again. So, do we participate in competitions solely to compete, or is there something else?

Along the journey with my experiences stacking up, it soon came to my realisation that competitions are organised to inspire.

In contrast to popular beliefs which include but are not limited to competitions being held for self-validation or self-improvements, I deeply believe that the essence lies in the process. Our peers motivate us to improve; our teammates encourage us to carry on; our results act as a constant reminder and incentive to ourselves. Above all, we inspire and get inspired.

May competitions be held not solely for the purpose of competing, but for development and inspiration.

2021-2022 Grantham Music Awards for Western  
Instrumental Classes (Woodwinds, Brass and Percussion)

4E Lam Jee Yau  
1D Poon Clarisse

I was devastated seeing the number of confirmed COVID-19 cases rising each day in February, as it meant that the possibility of resuming mask-off music activities was diminishing. At first, I was almost certain that I would not be able to achieve much with the lack of performing experience during the pandemic. Unexpectedly, I gained a lot from the Hong Kong Schools Music Festival this year. With the competition mode changed to online, my way of performing had to be different. Since the judges were unable to watch my performance in person, delivering the feelings embedded in the music was harder. I had to emphasise on body movements or exaggerate the dynamics to ensure that my music would not appear rigid and emotionless.

In the end, I was gladly surprised by the outcome - winning the Grantham in Music Award which served as a recognition for my improvement and dedication, and it was a milestone in my musical journey.

4E Lam Jee Yau

It is my privilege to receive the Grantham Music Award in my 10th year participating in the festival. Being only the third percussionist to win the Parsons Music Scholarship for Wind, Brass and Percussion since its launch is a great honour and a big milestone in my music endeavour.

Percussion is not my main instrument which added to my stress during preparation for the competition, especially at times when practices did not seem to make good progress. There were moments when I considered giving it up to focus on other competitions involving my main instrument instead. Yet the school percussion instructor, Mr Choy, helped me overcome the hurdles of many technically demanding pieces in my programme. My accompanist, Mr Stephen Fung who stayed late with me for many nights to produce the best recording for submission was also an indispensable part of my award. Finally, the achievement would not have been possible without the continuous support of the school, in particular, Mr Warren Lee, providing me with various opportunities in my musical journey.

## Mathematics, Science and Humanities

**International Mathematical Olympiad 2022**

Gold Medal

5A Chu Cheuk Hei

Bronze Medal

4A Lai Wai Lok

What is mathematics? Throughout my years participating in math contests, my understanding of the subject has changed, from numbers, theorems and formulae, to an appreciation of its rigorous process of logical deductions. I realised its power of generalisation, which allows abstract mathematical structures to lay the foundation to scientific theories and model a wide variety of real-life situations. While failing and succeeding at solving problems, I have discovered that this is where the beauty of mathematics lies – its versatility and flexibility is exactly why there is no straightforward formula for any problem, and this has fuelled my interest in the subject over the years.

Bringing home the first IMO gold medal in our school's history is a dream come true and a recognition of my hard work over the years. I would like to thank the school for its long-standing support and everyone who has guided and encouraged me on my mathematical journey. With gratefulness and eagerness, I look forward to the journey ahead.

## International Physics Olympiad 2022

## Silver Medal

5A Lam Chung Wang

The International Physics Olympiad is widely considered the pinnacle of physics competitions for high school students. Having been through numerous other physics contests in the past, I really looked forward to taking part in this international event. When I finally finished solving the problems, I found that there was more to this competition than meets the eye.

My physics journey is far from over. This contest is simply a pitstop on the mountain of knowledge. Even months afterwards, I am still pondering the unanswered questions in the theoretical exam. Involving various new concepts and novel applications in modern physics with the latest technologies, this year's theoretical problems reminded me that I should always keep on learning – perhaps that is the most important thing I have gained from this experience.

Finally, I would like to thank my parents, friends, and teachers. For without their guidance and encouragement, I would not have been able to win the Silver Medal in this competition.

## SOW Creativity Contest: A Moment in Time Senior Secondary

Outstanding Award

5A Ma Yat Hang Lukas

“Home is where the heart is.” The poem I composed for the SOW writing competition was based on this English proverb. It told the story of how a grandmother would hold her newborn grandson in her arms, only for her grandson to reciprocate her love and care when she would later be confined to a wheelchair. The story reminds me of how writing can come from the simplest of narratives, the most fleeting of moments.

This competition has also inspired me to look out for proverbs of similar stature. A proverb of a few words can so often carry so much meaning, and yet the wisdom behind these succinct phrases are so often neglected – it can deliver a word of caution, offer a pint of encouragement, or teach us a life lesson.

Time and tide wait for no man, and as the cycle of life turns for each and every one of us, we may find ourselves feeling downcast or dispirited at times. However, never fear, for no matter how bleak it may seem, there shall always be a path leading you home.

我校中文辯論隊向來活躍於本地辯論比賽，鮮有機會走出香港，本年七月適逢有此機會與澳門同學切磋辯技，這無疑令我們獲益良多。

相較於我隊對資料運用的重視，澳門同學擅長論點的闡述。我隊雖僥倖得獎，然而，辯論教會我們不自滿，學會反躬自省，賽後檢討時了解到策略上的不足，以為下一場辯論做好準備。

此外，辯論是我們了解時事之窗，是次辯題探討了大灣區各城市在經濟分工和社會發展方面的前景。雖然辯題側重於港深兩地的合作，但澳門同學以澳門周邊城市的利益作為出發點，讓我們明白很多議題原可從不同持分者的角度出發，從比賽中學會換位思考，提醒我們真理只有在辯論中才會越辯越明。

Perhaps my experience in junior international competitions at the start of the year also played a crucial role towards my victories, yet the distinguishable difference was definitely the more mature mindset and the calmness in me throughout the matches. As I advanced from quarterfinals to semi-finals and to finals, older and higher-level fencers awaited me. For a 17-year-old, the pressure was undoubtedly high, yet I continued to persevere. My unwavering efforts were finally rewarded as the green light lit up.

“Touché!” I won.

By winning the championships in the LCSD Open Fencing Championships and the Celebration of the 25th Anniversary of the Establishment of the HKSAR Hong Kong Secondary School Fencing Championships, I got an entrance ticket straight to the U23 competition held in Kuwait. These experiences affirmed my pursuit of being a successful student-athlete, balancing both academics and my fencing career.

I am grateful to be one of the few representatives of Hong Kong in the Flying Dragon Ambassador programme and have the chance to participate in the BRIDGE Virtual Summer Camp 2022. I would like to express my warmest thanks to my teachers, who supported and encouraged me during the whole programme.

This programme truly realised no boundary for cultural exchange! With the help of technology, I got the chance to appreciate and learn about different cultures, from Japan to Peru and even Maldives! I also played the role of an ambassador and introduced Hong Kong's signature drink "Adzuki Beans Sweet Drink" to my new foreign friends. Through participating in various online events, we exchanged our school lives, hobbies and even favourite reads with each other. I gained valuable friendships and cherished the time we had together.

All in all, this exceptional experience not only broadened my horizons, but also increased my confidence in sharing what I believe in with people around the globe.

我在今次鋼琴比賽中彈奏的是法國作曲家伊貝爾的《小白驢》，曲子模仿小驢子在路行走，時而平坦、時而崎嶇，小驢的心情也隨之起伏。看似簡單的曲子，其實對技巧要求很高。最後，我克服了在彈奏一連串連續輕快跳音上的困難，成功奪冠而歸。感謝老師和同學一直支持我，聽我的音樂，讓我能夠不斷進步。

I had never thought of winning the champion as it was my first attempt. My vocal teacher encouraged me to join the duet competition with her daughter to enhance my learning in singing. Without hesitation, I started the practice journey with this new partner.

A partnership with good co-operation and mutual understanding is important for duet singing. We need to blend our voices and also synchronise our phrases musically. At the beginning, it was pretty challenging as we did not know each other well. Fortunately, with the help of my vocal teacher and an extensive amount of practice, we could finally see the light at the end of the tunnel and became good duet partners.

I would like to extend my gratitude to my partner and vocal teacher. I feel blessed with the partnership we developed through this journey. Not only did I win the competition but also a good friend.

一戊 陳詩凝

本年度同學發揮創新素質，把握機會參加各類視藝比賽。其中，同學於第二十四屆香港青少年科技創新大賽（科學幻想畫）展現了對身邊事物的洞察力，奪得佳績。另外，學生利用藝術表達對社會的關愛，同時把藝術帶進社區。一戊陳詩凝同學在香港回歸廿五周年燈柱彩旗設計比賽中的得獎作品，被製成彩旗懸掛於香港仔街道上。好的作品需要理念與技巧的平衡，本校同學愛學習，樂與老師分享討論，精益求精，發揮了聖保羅素質。

回想起當日參加亞洲國際數學奧林匹克公開賽總決賽，有一段經歷實在令我印象深刻呢！比賽開始時，我按照日常養成的好習慣，一邊閱題，一邊圈出關鍵字，全神貫注地思考，很順利和信心十足地完成了甲、乙部的題目。然而，做到丙部最後幾道題目時，我的思維竟被一道高難度的題目截住了，我一直找不出答案，苦思冥想，不知不覺將題目一字不漏地記住了。回到家裏，便立刻向爸爸請教，並和他一起討論。在得到答案的那一刻，我豁然開朗。我終於明白參加數學比賽，不只是為了取得好成績或獲得獎狀，更重要的是遇到難題時不要輕易放棄，靜心思考，努力鑽研，就能夠不斷獲得更多新知識！

為了解決地球糧食短缺危機，我們設計了一間利用可再生能源驅動的循環水冷種植屋，令在熱帶地區亦能種植在溫帶地方才能生長的糧食農作物如小麥、大豆等，希望令全球糧食種類更多元化，實現自給自足的目標。

這個循環水冷系統的運作原理是利用鋪設在種植屋上的水管引進儲存在水缸內的河水，以循環流動的方式去吸收和阻隔陽光，從而令屋內的溫度降低。我們從水管直徑的大小、水管的排列方式以及水的鹽分濃度三方面去進行探究，以找出最有效令種植屋降溫的方案。

這個短片製作比賽讓我發揮「創新」和「學習」的素質，也從過程中得到樂趣和成功感。由收集資料、準備道具，到設定場景、剪輯短片，各個製作過程都缺一不可，並且具挑戰性和非常有趣呢！

我喜歡透過互聯網學習資訊科技知識，也喜歡與人分享所學會的內容。這次製作的短片以介紹 Google Lens 為主題，它是一個快捷、即時、有效、使用光學字元辨識系統的智能鏡頭。它有翻譯、掃描、搜尋等功能，能夠有效提升工作效率。而我最喜歡它的掃描功能，因為可以省下打字的時間。

短片製作期間，我曾遇到不少困難，如收音不良、短片時間過長等，但我把它們一一克服，最終順利完成拍攝。

<div><div></div><div><p>After writing my poem for the competition, I had the opportunity to contemplate on the things around me. I started to develop a deeper connection with all kinds of objects nearby and faraway from a new and different angle. I learnt to pause and look at things from my own unique perspective, and put thoughts in my head on paper. Listening to songs, hanging out with friends, going to art galleries, watching films, or simply reading would let me come across new ideas to write about. Lastly, I realised that my poem would have been better if I used more literary devices which I would try in the next one!</p><p>4A Kwong Aliana</p></div></div>

有謂「觀其所聞，感其所感」。語文菁英讓我展開想像的翅膀，用文字穿越古今，回到心的故鄉，抒發感情。我在比賽裡可以盡情透過寫作說出心底話、表達真情實意，透過演講透視世界、憧憬未來。當中讓我印象最深刻的當然就是才藝表演。從中，我加深了對中樂的了解，發揮「中西合璧」的創意，細味博大精深的中國文化。很感謝一直給予我機會，支持我的老師和陪伴我作戰的同學，讓我能夠在比賽裡獲得賞心悅目的成績。這一趟難能可貴的心靈交流真的讓我獲益良多。

## 第二十四屆全港中小學普通話演講比賽

### 初小組

### 全港總亞軍

### 一乙 李姿瑤

這個比賽有很多來自不同學校的同學參加，對我來說是一個很好的學習體驗。比賽前，我努力練習，做好準備。我講的故事是《狼和小羊》，小羊在遇到危險後憑著自己的聰明才智最終化險為夷。雖然我很快就能把故事內容記得很熟了，但指導老師說我還要仔細揣摩人物的性情，把他們的特色表現出來。我嘗試把自己代入角色，不斷練習，終於在全港總決賽中得到了亞軍。通過這次比賽，我發揮了聖保羅學習及思考的學生素質，還增強了說普通話的信心呢！

成為聖保羅大家庭的一份子後，這是我第一年參加「聖經朗誦節比賽」。本屆主題為「不一樣的生命」。誦材中，我最喜歡的金句是出自《詩篇》第 1 篇第 2 節：「卻喜愛上主的律法，日夜默想，這樣的人多麼有福！」

比賽前，我認真準備。感恩的是我不單學會了朗誦的技巧，同時，我更有機會反復朗讀神的話語，就像把福音廣傳開去，與人分享。

屈臣氏集團香港學生運動員獎

在聖保羅的小學生涯裏，我有幸成為了游泳及田徑校隊的一份子，代表學校參加比賽，並感恩今年度榮獲屈臣氏集團香港學生運動員獎，鼓勵我踏入中學後繼續在運動場上挑戰自己。

這些成績不僅來自自我對運動的熱愛、努力和堅持，還來自家人、教練與隊友的支持和鼓勵。透過運動訓練，我學會比賽以外的技巧，如：有效的時間管理、自律的生活習慣、團隊合作的重要性，及如何積極地接受挑戰等。希望我能在未來的路途善用我所學到的繼續奮鬥，追求卓越，也希望為小學的師弟师妹樹立榜樣，讓他們勇敢地追尋夢想。
